

KLASERIE DRIFT SAFARI CAMPS

K I D S CLUB

Lead by a qualified teacher, our Klaserie Drift Kids' Club provides 90 minutes of supervised, interactive fun - allowing adults the perfect opportunity for some uninterrupted me-time by the pool, in the suite or even with our luxury mobile spa. A typical 3-night stay could accommodate both of our signature activities - **Bush Crafts** and **Mini Ranger**. Recommended for children between 3-8 years.

Bush Crafts

Unleash your inner artist with our nature-inspired crafts! Your little ones will love getting their hands messy whilst making, decorating and - of course - tasting their own animal "safari" cookies. Next, we create a painting masterpiece with our home-made bush-brush straight from a Magic Guarri tree. We even add some real bush touches by catapulting "impala poo paintballs" at the paper first - it's so much fun even the adults love it!

Mini Ranger

For the nature lovers, our mini ranger day is the perfect opportunity to find out a bit about what it takes to make it as a guide! Learn how to identify animal tracks and signs and even make a mould of their favourite track to take home. Build a Bug Hotel, learning why these mini-beasts are so vital to our environment and where they like to live. Lastly, discover the art of spotting animals with our fun garden treasure hunt!
